Food and Feed Safety  
Policy

---

At COFCO International Ltd., we recognize that food and feed safety is imperative in the performance of our activities. We are aware, therefore, of the need to reduce food-feed safety risks and supply to our customers without contamination or adulteration.

We are committed to provide safe food for people and feed for animals, not only based on complying with applicable local laws and regulations but also on standards to which the organization subscribes. We encourage the use of technologies and production processes that favour food and feed safety within our supply chain.

At COFCO International Ltd. we uphold the highest quality and safety standards for our products in full compliance with all applicable standards for consumer health and safety.

In line with the above, we commit ourselves to do the following:

- Implement management systems and certification schemes that systematically identify, assess and manage our food and feed safety hazards and risks to continuously improve our performance, optimize production and efficiency and contribute to global food security.
- Use only those production, storage and transportation facilities that ensure the safety of our products;
- Select suppliers based on their ability to meet our requirements for safe raw materials and ingredients;
- Assist our external customers in developing customer solutions in the area of food and feed safety;
- Provide adequate training to our employees, service providers and on-site contractors on applicable food and feed safety laws, regulations, and procedures, and provide them with the necessary resources to carry out their individual responsibilities to supply food and feed products that meet all applicable quality and safety standards.
- Encourage the use of environmentally sound technologies for safer, cleaner and more sustainable production.
- Establish measurable targets and conduct periodic audits to monitor measure and improve our performance.

This Policy applies to:

Employees, On-site Contractors and Service Providers

Scope:

This Policy shall be enforced in all wholly owned and/or controlled COFCO International Ltd. operations, including – but not limited to - industrial facilities such as crushing facilities and refineries, elevators, warehouses, port terminals and farming operations.
